British Enactments in Force in Indian States,

Volume V.

HYDERABAD.

The Political relations between the Government of India and His Exalted Highness the Nizam are conducted through the Resident at Hyderabad.

Jurisdiction over European British subjects, Europeans, Americans and Government servants in the Hyderabad State vests, as usual, in the political authorities; but there is a special arrangement¹ with His Exalted Highness' Government whereby the State Courts exercise jurisdiction over European British subjects, Europeans and Americans in the employment of the State, other than those whose services have been lent by the Government of India, and a European officer of the State is appointed to be a Special Magistrate² by the Governor General in Council to deal with cases against non-official European British subjects, Europeans and Americans.

Since the transfer of Berar in 1903 to the administration of the Chief Commissioner of the Central Provinces under the Agreement³ of 1902 with His Exalted Highness the Nizam, whereby it rests with the British Government to administer that area as they may deem desirable, and since the restoration to His Exalted Highness' Government in the same year of jurisdiction in the Hyderabad Contingent stations of Hingoli, Jalna, Mominabad and Raichur on their ceasing to be military stations, the Administered Areas in the Hyderabad State, which are under British Jurisdiction exercised through the Resident, are:—

The Cantonment of Secunderabad, which includes the area previously known as the Hyderabad Contingent station of Bolaram.

¹ It is part of this arrangement that the Resident shall be informed of all such charges and that the Government of India reserve the right to require that in any particular case the accused shall be transferred for trial by a British Court.

² See Notification No. 579-D., dated the 26th January, 1917. Printed *infra*, page 14.

The Cantonment (previously the Hyderabad Contingent station) of Aurangabad.

The Hyderabad Residency Bazaars, and

The railway lands occupied by—

H. E. H. the Nizam's Guaranteed State Railway.

The Hingoli Branch Railway.

The Hyderabad-Godavari Valley Railway.

The North-West main line of the Madras and Southern Maratha Railway, and

The South-East broad gauge main line of the Great Indian Peninsula Railway.

The Kazipet-Balharshah Railway.

The Secunderabad to the British Frontier near Kurnool Railway.

The other railway lands in the Hyderabad State, over which full and exclusive jurisdiction has been ceded to the British Government, namely, those occupied by the Barsi Light Railway, by the Dhond-Manmad Branch of the Great Indian Peninsula Railway, and by the metre gauge main line of the Madras and Southern Maratha Railway, are under the administration of the Government of Bombay.¹

The exercise of British jurisdiction in certain parts of the Cantonment of Secunderabad is qualified by the arrangement embodied in the following notification²:—

“No. 41, dated the 28th August, 1906.—In exercise of the power conferred by section 4 of the Cantonments Act, 1889 (XIII of 1889),³ as applied to the Cantonment of Secunderabad, the Resident at Hyderabad, with the previous sanction of the Governor General in Council and with the concurrence of His Highness' Government, is pleased to declare that solely with a view to enable the Resident to exercise the Criminal and Police jurisdiction already transferred to the Government of India by His Highness the Nizam in the Resolutions of His Highness' Government in the Judicial, Police, and General Departments, Nos. 1—1-J., and 13—7-J., dated 8th October, 1904 and 14th September, 1905, respectively, in the thirteen villages hereinafter named (whose limits shall be the limits fixed by the Revenue Department of His Highness' Government), viz., Pedda Tokatta, China Tokatta, Sitarampur, Kakaguda, Maredpalli, Chakliguda, Tawaipura, ⁴[Chandu Lal Baoli], Balamrai, Rasulpur, Trimulgherry village, Basareddiguda and Lalapett, the aforesaid villages shall be held to be included in the limits of the Cantonment of Secunderabad: Provided always that Civil Judicial, Ecclesiastical, and Revenue

to direct that the following rules shall be enforced on the aforesaid Railways within the Hyderabad State:—

1. *Definitions.*—¹[“ Cannon,” “ arms,” “ ammunition ” and “ military stores ” have respectively the meanings assigned to them in the Indian Arms Act, 1878 (XI of 1878), except that the expression “ military stores ” includes sulphur when in quantities exceeding ten seers in weight and leaden bird-shot and bullets when possessed in quantities exceeding one hundredweight at any one time.]

“ Export ” means transmission from any station within to any station without the Hyderabad State.

“ Import ” means transmission from any station without to any station within the Hyderabad State.

“ Transport ” means transmission from one station to another, both being situated within the Hyderabad State.

Explanation.—Stations on the Great Indian Peninsula Railway in Berar are not, for the purposes of these rules, to be regarded as within the Hyderabad State.

(b) Station Masters to whom arms, ammunition, or military stores unaccompanied by evidence of such special permission are tendered for despatch shall detain them and report the matter through the Superintendent of Railway Police for the orders of the Resident.

3. *Import.*—Arms, ammunition, or military stores imported by rail shall not be delivered to any importer or consignee unless—

(a) the importer or consignee produces the original license issued by the Secretary to the Government of India, Foreign Department, the Commissioner of Police at Bombay or Madras, the Deputy Commissioner of Police at Calcutta, or other competent authority as the case may be, authorising the import, and

(b) the senior police officer at the station to which the consignment is consigned has compared the consignment with the license and authorised the Station Master to make delivery.

For the purpose of making the comparison required by clause (b) the police officer shall have power to open any package which he thinks suspicious.

(2) A Magistrate shall have the same power with respect to arms, ammunition, and military stores, regarding which there is reasonable ground to believe that they have been imported contrary to these rules but in respect of which no conviction has been obtained because the owner or consignee cannot be found. In such cases, notice calling upon the owner to appear shall be published for three months at the railway station to which the arms, ammunition, or military stores have been brought, and at such other places as the Magistrate thinks necessary.

11. When a Magistrate confiscates any arms, ammunition or military stores, he may also confiscate any boxes, bales, or the like in which they may have been placed, together with their contents.

12. The orders of the Resident shall be taken regarding the disposal of articles confiscated under these rules, and such orders shall be final.

(2) Cases in which no fine is inflicted, or in which it appears desirable to give a reward larger than is provided for above, shall be submitted for the orders of the Resident.

14. These rules supersede the rules made by the Resident at Hyderabad, with the concurrence of His Highness the Nizam's Government, on the 21st May 1883.

If the livestock be entrusted to any person other than the judgment-debtor, the amount or a part thereof paid by the decree-holder for the maintenance of the cattle, may, at the discretion of the Court, be delivered over to the custodian of the livestock to be used for their maintenance. The Court may at any time at its discretion, remove the cattle from the custody of any one person to that of any other person coming under the above descriptions.

4. The attaching officer shall, in every case, make a list and valuation of the attached livestock in the following form:—

He will permit none but the applicant himself, or the applicant accompanied by a pleader¹ [and if necessary an interpreter,] to search the record. He will not allow searchers to use pen and ink at all, or to take copies or detailed extracts or anything beyond pencil memoranda sufficient to enable identification of a paper if a copy should afterwards be applied for. The search must be completed and the record returned within office hours of the day on which the record was taken out for examination. If a person who has made an application for inspection, and to whom the records asked for have been handed over for inspection, fails to finish his inspection that day, he must, if he wishes to make further inspection, make a fresh application on some future day.

XII. *Inspection clerk's qualification, appointment, etc.*—No person shall be appointed an inspection clerk unless he has passed by the 9th standard of the Berar curriculum. Ordinarily the pay of this clerk should not exceed Rs. 15, and his appointment, dismissal etc., will rest with the Deputy Commissioner in his own Court and in all Courts subordinate to him; in other Courts with the presiding officer.

INDIAN POLICE ACT, 1861.

Enrolment and employment of Special Police Officers.

No. 111-J., dated the 26th November, 1926.—In exercise of the powers vested in him under section 46 (1) (a) of the Indian Police Act (V of 1861) as applied to the Administered Areas in the Hyderabad State the Resident is pleased to frame the following Rules for the enrolment and employment of Special Police Officers.

1. Section 17 of the Police Act provides for obtaining the aid of residents in the event of a disturbance being threatened in the locality. Though the section provides for the compulsory appointment of Special Police Officers, endeavour should always be made to obtain voluntary enrolment before resort is made to compulsion. The District Superintendent of Police should forthwith prepare in consultation with the District Magistrate a list of persons suitable for duty as Special Police Officers for each locality in the Administered Areas.

2. Separate applications should be made for the appointment of Special Police Officers who have volunteered and for those to whom compulsion has to be applied. In other respects, the procedure will

¹ Except where stated to the contrary, these orders apply to all the Administered Areas in the Hyderabad State.

Those relating to Cantonments, which name Secunderabad only but are cited here as applying equally to Aurangabad, are covered by notification No. 3694-I. B., dated the 7th October, 1904 (*Gazette of India*, 1904, Pt. I, p. 748), which directs that "all laws and rules having the force of law, which immediately before the 11th March 1904 were in force in the Cantonment of Secunderabad, exclusive of the area formerly known as the 'Contingent Station' of Bolaram, and have not been expressly rescinded shall, with effect from that date, be deemed to be in force in the Cantonment of Secunderabad, inclusive of the said area, and also in the Cantonment of Aurangabad."

Those relating to railways usually qualify the words "the railway lands in the territories of His Highness the Nizam of Hyderabad" by the words "other than the railway lands in Berar and those referred to in the notifications of the Government of India in the Foreign Department, No. 4564-I., dated the 18th November 1891, and No. 3244-I. B., dated the 26th August 1897," the latter being the lands in the Hyderabad State occupied by the metre gauge main line of the Madras and Southern Maratha Railway and by the Barsi Light Railway, respectively. As these lands are not Administered Areas in the sense of "areas under the administration of the Resident at Hyderabad" (cf. the introduction to this Volume), those qualifying words are omitted from the notifications reprinted in this Part. None of the orders apply to the metre gauge line of the Madras and Southern Maratha Railway or to the Barsi Light Railway, which have been under the administration of the Bombay Government (cf. page 2, *supra*) from the date they were built: but where an order anterior to November 1903 (when Berar was transferred to the administration of the Chief Commissioner of the Central Provinces) applies to railway lands in Berar, the fact is stated in a footnote.

be the same for both classes. In the application for the appointment of volunteers special mention should be made of the fact that they are volunteers.

3. An application for the appointment of Special Police Officers under section 17 of the Police Act should be made by an officer not below the rank of an Inspector of Police, and to the nearest stipendiary Magistrate and shall contain all the necessary particulars, principally,

- (i) the period for which the Special Police Officers are required,
- (ii) the limits within which they are to be employed, (iii) where no disturbance of the peace has occurred, the grounds for apprehending a disturbance of the peace, etc., and (iv) the reasons why the Police force ordinarily employed is not sufficient.

An order should be obtained from the Magistrate in a proper form for which the following sample will serve as a guide:—

“Whereas an application has been made to me by the _____ to appoint the persons noted in the margin, (who have voluntarily offered themselves for appointment)*, to act as Special Police Officers for

_____ ^{months}/_{weeks} within the limits of the Station House (s), and whereas I am satisfied upon the grounds stated in the application that a disturbance of the peace may reasonably be apprehended within those limits and that the Police Force ordinarily employed within those limits is not sufficient for the preservation of the peace therein, and there being no cause to the contrary, I hereby appoint the aforesaid persons, being residents of the neighbourhood, to act as Special Police Officers for a period of _____ ^{months}/_{weeks} from the date of this order within the limits of the _____ Station House (s) ”.

The officer making the application shall cause a copy of the order to be delivered to each person appointed.

4. The persons so appointed should include as many persons of standing as possible whose authority is likely to be respected by the mass of the population. These should as a rule be employed on staff or supervising duties, and given relatively higher rank than others of lower status. They should not have menial or unreasonable duties assigned to them.

5. The object of appointing Special Police Officers is not to single out and penalise individuals but to gain the assistance of the Public themselves in suppressing disorder. The ring-leaders of contending factions or supposed instigators of the disorder, may therefore be ap-

pointed only if it appears that the responsibility thus placed on them will cause them to restrain their followers.

6. The duties of Special Police Officers should ordinarily be confined to the checking and prevention of disorder and the collection of evidence, and they should be employed in the manner best suited to make their personal influence felt. They should not be employed outside the disturbed area or its immediate neighbourhood, and should not be subjected to drill or fatigue duties, though they may reasonably be employed in guarding prisoners under arrest. It must be borne in mind that the sole object of appointing Special Police Officers is to obtain assistance.

7. The requirements in respect of discipline should be light. Any conditions of the office which might be regarded as offensive and unnecessarily irksome should not be insisted on. Physical drill for instance, would in most cases be inappropriate, and the saluting, of petty officers unnecessary; while parades or attendance at the Police Station, when necessary, should be so regulated as not to cause hardship.

8. The Police Officer who applies for the appointment of Special Police Officers should make arrangements to supply them with some distinctive badge, such as an armlet bearing the letters S. P. O. and suitable badges of rank when conferred. They should not be required to wear uniform.

- (h) Any copy of a notice of an application under Act VIII of 1890 sent to a Collector, or
- (i) Any order directing an officer in charge of a jail to detain or to release a person committed to his custody.

Rule III.—No process which comes within the operation of Rule I shall be drawn up for service or execution until the fee chargeable under that rule has been paid. The fee shall be paid in court-fee stamps, which shall be affixed either on the application by which the Court is moved to issue the process, or, if no such application be filed, on the order by which the Court directs the issue or service of the process. If such an application be filed, it must bear the requisite stamps for the fee in addition to such stamps, if any, as are needed for its own validity.

Rule IV.—When a Court sends a process for service or execution to any Court beyond its jurisdiction, it shall endorse on the process a certificate that the fee chargeable under Rule I has been levied, and the process so endorsed will be served or executed free of further charge by the Court to which it is sent.

Rule V.—Fees for processes to be issued by a Court to which a commission is addressed shall be payable at the rates declared by Rule I to be chargeable for serving and executing processes issued by such Court.

Rule VI.—A process issued by any Court in any presidency or province in British India shall be served or executed free of charge by any Court to which it may be sent within the jurisdiction of the Judicial Commissioner, if it be certified on the process that the proper fee has been levied under the rules in force in such presidency or province.

Rule VII.—If for any reason it becomes unnecessary for an officer to proceed to make an attachment in the manner prescribed in section 269, 270, or 274, or delivery of possession of property under section 259, 263, 264, 318, 319, 332, or 335 of the Code of Civil Procedure, any fee paid in respect of his services shall be refunded.

When, in consequence of a reference to arbitration being withdrawn or of an award being made before the expiry of the time fixed under section 508 or section 514 of the Code of Civil Procedure, the peon has not been deputed to attend on the arbitrators, or has attended on them for a shorter time than that for which payment has been made in respect of his services, the fee paid shall be refunded in whole or in part, as the case may be.

When in consequence of a compromise or for some other reason, it becomes unnecessary to serve or execute a summons, notice, warrant, proclamation, injunction, or order for which a fee has been paid, half the fee shall be refunded if the process has not been issued.

NOTE.—The public should be warned by notice posted in some conspicuous place in every Court, that, although no limit of time is prescribed for applications for the refund of fees paid under Rule I, yet as such applications can be granted only on view of the stamps originally filed, which are liable to be destroyed under the rules for the destruction of civil records, there is a probability, in case delay be allowed to occur, that it may become impossible to obtain a refund.

Rule VIII.—In cases which are covered by the note to Article 7 of Section B, Rule I, the additional fee which may become payable shall be paid in court-fee stamps.

Rule IX.—The fee payable by way of poundage on the full amount of the purchase-money shall be paid in court-fee stamps, which shall be affixed on the first application, if any be filed, for payment of such purchase-money out of Court, whether it be or be not made by the person who obtained the order of sale, or whether it does or does not extend to the whole of the purchase-money. If no such application be filed, then the stamps representing the fee payable shall be affixed on the office report on which the Court has recorded its order for payment. If such an application be filed, it shall bear the requisite stamps for the fee in addition to such stamps, if any, as are needed for its own validity.

Provided that when such fee has once been paid in full in respect of any sale, no further fees shall be payable in respect of the same sale;

Provided also that the party paying such fee shall recover the amount of it out of the purchase-money prior to the distribution thereof among the persons entitled thereto;

Provided also that, when a sale of immovable property is set aside under section 312 or section 310 of the Code of Civil Procedure, no fee shall be payable by way of poundage on the purchase-money.

Rule X.—If default be made in the payment of purchase-money within the time specified in section 307 of the Code of Civil Procedure, the fee payable by way of poundage shall be deducted from the deposit paid under section 306 of the said Code, and stamps representing such fee shall be bought and affixed by the Court on the order directing the deduction to be made.

Rule XI.—Any fraction of an anna in a fee payable by way of poundage shall be remitted.

Rule XII.—When, in order to the service or execution of any process, the peon or other officer who is to serve or execute it has to cross a bridge or ferry, then the amount, if any, legally payable as toll

shall be levied in cash from the person at whose instance the process is issued before delivery of the process to such peon or other officer.

Rule XIII.—The fees paid in pursuance of these rules shall in all proceedings be deemed and treated as part of the necessary and proper costs of the party who pays them, unless such party be entitled to a refund of any such fees, or of any portion of them, and have failed to apply for it.

¹[(6a) "District Magistrate" includes, where the Resident so directs, the "Additional District Magistrate" in respect of such area as the Resident may so order.]

(7) "Fulminate" means any chemical compound or mechanical mixture whatever, which, from its great susceptibility to detonation, is suitable for employment in percussion-caps or any other appliance for developing detonation, or which, from its extreme sensibility to explosion and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

(8) "Gunpowder" means gunpowder ordinarily so called.

(9) "Nitrate-mixture" means any preparation, other than gunpowder, which is formed by the mechanical mixture of nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance:

(11) "Small-arm nitro-compound" means a nitro-compound adapted and intended exclusively for use in cartridges for small-arms.

(12) "Safety cartridge"—

(i) means a cartridge for small-arms, the case of which can be extracted from the small-arm after firing, and which is so closed as to prevent any explosion in one cartridge being communicated to other cartridges; and

¹ Inserted by Notification No. 53-J., dated the 30th April, 1917. *Hyderabad Residency Orders*, 1917, Pt. I, p. 183.

² Inserted by Notification No. 107-J., dated the 6th December, 1919. *Hyderabad Residency Orders*, 1919, Pt. I, p. 818.

- (ii) includes a rifle calibre machine-gun cartridge, if it is as described in clause (i) whether it is for use with a machine-gun having chambers identical with those of rifles or with a machine-gun having special chambers:

Provided that the diameter of the cartridge in either case (i) or case (ii) does not exceed one inch.

(12) "Safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction, and contains an explosive in such quantity, that the burning of such fuze would not communicate laterally with other like fuzes.

(14) "Testing authority" means the Chemical Examiner or such other officer as the Resident at Hyderabad may appoint in this behalf.

CHAPTER II.

CLASSIFICATION OF EXPLOSIVES.

5. *Classes of explosives.*—(1) For the purposes of these rules, explosives shall be classified as follows, namely:—

113. *Method of stowing of explosives.*—Packages containing explosives other than those referred to in rule 114 shall not be stowed in more than three layers one above the other. But if the packages are in rectangular form and of uniform size (provided they are double packages, and are so secured as to prevent movement during transit) they may be stowed in any number of layers not exceeding five:

Provided that this rule shall not apply to safety cartridges for small-arms packed in tin-lined service pattern boxes.

114. (1) *Method of stowing of high explosives.*—Packages containing dynamite and other blasting explosives of the 3rd (nitro-compound) Class, or explosives of the 4th (chlorate-mixture), 5th (fulminate) Classes or of the 1st Division of the 7th (fire-work) Class shall be stowed in one layer only and secured so as to prevent movement during transit:

118. *Protection of explosives pending removal.*—Pending removal by the consignee, or return to the consignor, the explosives shall be kept at a safe distance from the station buildings, and (if unloaded) shall be completely covered with tarpaulins or other suitable material and, if necessary, shall be protected by a police guard.

Power to open packages.

119. *Opening of suspected packages.*—The Railway Administration may at any time open or require to be opened at the risk and expense of the consignor any package which is upon any railway and which is suspected to contain explosives packed or consigned in contravention of any of these rules.

120. *Disposal of opened packages.*—The Railway Administration may return to the consignor at his risk and expense the contents of any package which is found during transit to have been packed or consigned in contravention of any of these rules.

Precautions to be observed during loading and unloading.

121. *Time of loading and unloading.*—Notwithstanding any thing in rule 80, a small consignment of explosives may be unloaded between sunset and sunrise.

For the purposes of this rule no consignment of more than half a wagon load booked to one station shall be deemed to be a small consignment.

122. *Loading and unloading to be continuous.*—Subject to the provisions of rules 80 and 121, the loading and unloading of explosives when once begun shall be diligently proceeded with until the same is completed.

123. *Place of loading and unloading.*—Vehicles containing explosives shall be loaded and unloaded on sidings at a safe distance from the station buildings.

128. *Precaution in the case of high explosives.*—No explosive of the 5th (fulminate) Class or of the 3rd Division of the 6th (ammunition) Class, or of the 7th (fire-work) Class shall be carried in the same train with any explosive not of the Class and Division to which it belongs, unless it be sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.

129. *Position of vehicle in the train.*—Vehicles containing explosives shall be placed at the end of the train away from the locomotive, and shall be close-coupled to one another as well as to the adjoining vehicles, and shall be preceded and followed by three vehicles not loaded with explosives or other article or substance of an inflammable nature.

130. *Shunting.*—When the train is being marshalled, vehicles loaded with explosives shall not be shunted by a locomotive, unless they are separated from the engine by not less than three vehicles containing no explosive nor easily inflammable substance:

Provided that nothing in this rule shall apply to the shunting of vehicles specially constructed for the carriage of explosives.

131. *Limit of speed in shunting.*—During the shunting of vehicles containing explosives the speed of all movements shall not exceed five miles an hour; and loose shunts are prohibited.

132. *Superintendence in shunting.*—No shunting shall be carried on save under the superintendence of a duly authorized officer, who shall see to the observance of rules 130 and 131.

Brakes.

133. *Brakes.*—If the vehicles employed in the transport of explosives are provided with brakers, other than iron brakes, the brakes thereon shall on no account be worked while the vehicles are running with a train, nor shall brakes, other than iron brakes, on vehicles

immediately adjoining such vehicles, be worked while such vehicles are so running.

Conveyance by Passenger train.

134. *Conveyance of explosives by passenger train.*—Save as provided in rule 135, no explosives shall be conveyed by passenger train except—

(a) safety-cartridges and percussion-caps and safety-fuzes (for blasting), and fog-signals for railway use;

(b) explosives of the 3rd (nitro-compound) Class other than propellants in the form of cartridges up to the limit of 5 lbs.:

Provided that no detonators are carried in the same compartment;

(c) detonators to the number of 200 if the amount of fulminate of mercury in the package or packages containing the detonators does not exceed in the aggregate 3 oz. (and a certificate to this effect is tendered by the consignor):

Provided that no other explosive is carried in the same compartment;

¹[(d) sporting gun-powder packed in double packages as provided in Schedule IV, so long as the gun-powder is contained in tin canisters containing not more than 5 lbs. each and packed in a stout wooden case with an outer covering of tin or zinc completely spark-proof, or in metal-lined cases of a pattern approved by the Chief Inspector of Explosives. But no outer case shall contain more than 25 lbs. of gun-powder, and the total consignment by one train shall not exceed 80 lbs.]

under Acts locally applied.)

3. The licensee shall exhibit his stock and his books and records of manufacture and sales to any Magistrate or to any Police Officer duly empowered in this behalf, whenever such Magistrate or officer may call upon him so to do:

Provided that where the license extends only to the manufacture, possession and sale of manufactured fire-works and the quantity permitted to be kept at one time does not exceed fifty pounds, the licensee shall not be required to keep or exhibit records or accounts of the same..

4. (1) The explosive shall be manufactured in a tent or lightly constructed building exclusively appropriated for the purpose and separated from any dwelling-house, highway, street, public thoroughfare or public place by the distance—

(a) in the case of gunpowder or small-arm nitro-compound, of one hundred yards, or

(b) in the case of an explosive of the 1st Division of the 6th (Ammunition) Class, or of the 7th (Fire-work) Class, of fifty-yards.

(2) In the case of filling cartridges for small-arms the operation may, if preferred, be carried out in the upper room of a building to which the conditions in clause (1) as to distance need not apply:

Provided that no more than five pounds of explosive (except such as may be contained in safety cartridges) shall be in the room where the operation is being carried on.

(3) In all other cases the manufacture shall be carried on in a one-storeyed building.

5. The number of persons employed at any one time in manufacture in any one building or room shall not exceed six, and only persons actually manufacturing or superintending manufacture shall be allowed inside the place of manufacture.

6. No iron or steel implements shall be used in manufacture. Only copper, gun-metal or wooden tools are permissible.

7. All explosives, as manufactured, shall be removed without delay to a safe place of storage, and no explosive shall be allowed to accumulate in the place of manufacture.

8. Manufacture shall only be carried on between sunrise and sunset.

9. No smoking or lights shall be allowed in or near a room where explosives are being manufactured.

10. All sales of explosives under this license must be effected on the premises shown on the face of the license.

11. An explosive shall not be sold to any child apparently under the age of fourteen years, nor shall any child under that age be employed in manufacture.

12. (I) The explosives possessed by the licensee shall be kept in one or other or both of the following modes:—

Mode A, that is to say, in a building or excavation, which is detached from any dwelling-house, and is separated by the distances prescribed in condition No. 4* from any highway, street, public thoroughfare or public place, and is made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without, and is exclusively appropriated to keeping explosives: and

(a) such a building must be substantially constructed of brick, stone or concrete, or must be a securely constructed fire-proof safe: and

(b) such an excavation must be formed in solid rock, or earth, or in mine refuse not liable to ignition, and must not open into, from or out of any mine, quarry, tunnel or underground place which is in use for the carrying on of any work or for the employment of any person.

Mode B, that is to say, in a substantial receptacle (whether or not a fire-proof safe) which is closed and secured so as to prevent unauthorized persons from having access thereto, and is exclusively appropriated to the keeping of explosives, and is placed inside a dwelling-house or inside a building which is not itself qualified for the keeping of explosives in Mode A:

Provided that a fire-proof safe shall not be used for the keeping of any explosive other than gunpowder or small-arm nitro-compound and cartridges of the 2nd Division of the 6th (Ammunition) Class (not containing their own means of ignition) and made with gunpowder or small-arm nitro-compound, such as cartridges or charges for cannon or blasting purposes.

13. The maximum quantity of explosives allowed to be kept at the same time shall be the following:—

(1) if the only explosive kept be one or more of the following, namely:—

- (a) gunpowder;
- (b) small-arm nitro-compound; or
- (c) ammunition of the 1st Division of the 6th Class, the maximum shall be—

* These distances may be reduced to one-half when the building is surrounded by a traverse as high as the eaves of the building.

(2) if the only explosive kept be manufactured fire-works, the maximum shall be—

	In Mode A. lbs.	In Mode B. lbs.
manufactured fire-works . . .	Two hundred.	Fifty.
(3) in any other case the maximum shall be—

and, in addition, of explosives contained in ammunition of the 1st Division of the 6th Class.	Any quantity.	Any quantity.

Provided that in each of the three cases above-mentioned the aggregate quantity kept on the premises in Mode A and Mode B together may not in any case exceed the maximum quantity which may be kept in Mode A.

14. With respect to a building or excavation used in Mode A, and a receptacle used in Mode B—

(a) the interior thereof, and the shelves and fittings therein, shall be so constructed, or so lined and covered, as to prevent the exposure of any iron or steel, or the detaching of any grit, iron or steel or similar substance, in such manner as to come into contact with the explosive;

and such interior, shelves and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean;

(b) in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom;

(c) all articles or substances of an explosive or highly inflammable nature, and all lights, shall be kept at a safe distance from the explosive, and from any room or part of a building, excavation or receptacle containing the same; and

(d) no person in any such room or part of a building or any such excavation, or any such receptacle, shall have any iron or steel in his possession, or attached to or on his boots or shoes:

Provided that this condition, so far as it relates to the exposure of iron or steel or similar substances, shall not be obligatory in the case where no explosive is kept other than ammunition of the 1st Division of the 6th (Ammunition) Class.

15. Any quantity exceeding five pounds of an explosive of the 1st Division of the 6th (Ammunition) Class or of the 2nd Division of the 7th (Fire-work) Class, and of any other explosive exceeding one pound, shall be kept in a substantial case, bag, canister or other receptacle, made and closed so as to prevent the explosives from escaping;

and, when publicly exposed for sale or when sold, the outermost receptacle containing such explosives shall have affixed the name of the explosives in conspicuous characters by means of a brand or securely-attached label or other mark:

Provided that two samples of each kind of fire-work may be exposed for sale without complying with the foregoing clauses of this condition, if such samples be placed in such a position that no light or fire is, or is likely to be, brought near them.

16. (1) Explosives of different descriptions which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other.

(2) Provided as follows:—

(a) Gunpowder, small-arm nitro-compound and safety fuzes belonging to the 1st Division of the 6th (Ammunition) Class, may be kept with each other without any intervening partition or space;

* These conditions are to be added only when the authority granting this license directs, in pursuance of rule 63, by an order written on the license, that this license shall have the effect of a like license granted under the Hyderabad Residency Bazars and the Cantonments Arms Law, 1903.

In the case of any building or work above-mentioned which is so screened from the magazine by an intervening hill, that a line drawn from any part of such building or work to any part of such magazine would pass through such hill, the distance assigned by this schedule as that to be observed between such building and work and the magazine may be reduced by three-fourths; but if a Government Inspector notifies in writing that in his judgment the intervening hill, in respect of which such reduction is claimed, is not of a character to justify such reduction, this clause, authorizing such reduction, shall be deemed not to apply in respect of the said building or work.

Acetylene declared to be an explosive and its manufacture, possession and importation prohibited in the Hyderabad Administered Areas.

No. 622-I. B., dated the 29th April, 1915.—In exercise of the powers conferred by sections 17 and 6 of the Indian Explosives Act, 1884 (IV of 1884), as applied to the Administered Areas in the Hyderabad State by the notification of the Government of India in the Foreign Department, No. 582-I. B.,¹ dated the 22nd March, 1913, as subsequently amended, and in supersession of the notification of the Government of India in the Department of Commerce and Industry, No. 736—39, dated the 30th January, 1915:—

I. The Governor General in Council is pleased hereby to declare that acetylene, when liquid or when subject to a pressure above that of the atmosphere capable of supporting a column of water exceeding two hundred and fifty inches in height, and whether or not in admixture with other substances, or when in admixture with atmospheric air or with oxygen gas in whatever proportion and at whatever pressure, and whether or not in admixture with other substances, shall be deemed to be an explosive within the meaning of the said Act, subject to the following exception: that if it be shown to the satisfaction of the Governor General in Council that acetylene declared to be an explosive by this notification when in admixture with any substance, or in any form or condition, is not possessed of explosive properties, the Governor General in Council may, by order, exempt such acetylene from being deemed to be an explosive within the meaning of the said Act.

Provided that nothing in this notification shall apply to acetylene in admixture with air when such admixture takes place only in a burner or contrivance in which the mixture is intended to be burnt:

Provided, also, that nothing in this notification shall be held to apply to an admixture of acetylene and air which may unavoidably oc-

cur in the first use or recharging of an apparatus, properly designed and constructed with a view to the production of pure acetylene:

Provided also, that, subject to the conditions hereinafter specified, acetylene, when in admixture with oil-gas (that is to say, a gas manufactured from mineral oil), shall not be deemed to be an explosive within the meaning of the said Act, when under compression—

- (1) The acetylene shall be generated only by the Atkins Dry Process.
- (2) The proportion of acetylene shall not exceed fifty parts by volume in every one hundred parts of the mixture of acetylene and oil gas.
- (3) The acetylene and oil gas shall be mixed together in a chamber or vessel before the gases are subjected to compression.
- (4) The mixture shall not be compressed to a pressure exceeding one hundred and fifty pounds per square inch.

Provided also, that, subject to the conditions hereinafter specified, acetylene, when contained in a homogeneous porous substance, with or without acetone, shall not be deemed to be an explosive within the meaning of the said Act—

- (1) The pressure shall not exceed one hundred and fifty pounds to the square inch.
- (2) The porous substance shall fill, as completely as possible, the cylinder or other vessel into which the acetylene is compressed, and the porosity of the substance shall not exceed eighty per cent.
- (3) Every cylinder or other vessel into which acetylene is to be compressed shall be thoroughly tested to a pressure of not less than double that to which the vessel is to be subjected in use, and shall be fitted with a fusible plug designed to act at or below a temperature of 212°F.
- (4) Every cylinder or vessel in which acetylene is compressed shall be permanently and conspicuously marked with the name of the manufacturer and the words—"Acetylene compressed into porous substance exempted by the notification of the Government of India in the Foreign and Political Department, No. 622-I. B., dated the 29th April, 1915," and shall bear a label giving the date when it was last filled together with the name and address of the filler.
- (5) When acetone is used for absorbing the acetylene due precaution shall be taken that the quantity of acetone is such

that when fully charged with acetylene it does not completely fill the porosity of the porous substance.

When the operation of compressing the acetylene is carried out in the Administered Areas in the Hyderabad State:—

- (6) The apparatus by means of which the acetylene is compressed into a porous substance shall be fitted with a safety valve designed to act at a pressure of 200 lbs. per square inch, and shall be surrounded by rope mantlets in such a manner as efficiently to protect the operators.

II. The Governor General in Council is pleased to prohibit absolutely the manufacture, possession and importation of such acetylene as is declared by paragraph 1 of this notification to be an explosive.

[*Gazette of India*, 1915, Pt. I, p. 629.]

Picric acid, picrates and mixtures of picric acid declared to be explosives.

No. 125-I., dated the 10th March, 1927.—In exercise of the powers conferred by section 17 of the Indian Explosives Act, 1884 (IV of 1884), as applied to the Administered Areas in the Hyderabad State and in supersession of the notification of the Government of India in the Foreign and Political Department, No. 143-I. (ii) crystallised sulphate of soda, and packed in hermetically closed packages, or

(iii) potash alum,

shall not be deemed to be an explosive.

(c) Picric acid when the quantity does not exceed one ounce shall not be deemed to be an explosive, provided that:—

2. *Conditions of possession without license*.—No license shall be required for the possession of carbide of calcium (i) in any quantity not exceeding five pounds if it is kept in separate vessels, each containing not more than one pound, of the nature described in, and labelled as required by rule 1 of Part V; (ii) in any quantity exceeding five and not exceeding twenty-eight pounds where the following conditions are observed and the vessels containing it are labelled as required by rule 1 of Part V:—

Rules for Aurangabad.

No. 266, dated the 21st December, 1881.—The following rules framed under the provisions of the Glanders and Farcy Act (XX of 1879) are, with the approval of the Government of India, published for information and guidance of officers concerned in the several stations of the Hyderabad Contingent, and will come into force from the 1st January, 1882.

Preamble.—In these rules “horses” includes also ponies, asses, mules and jennets. “Diseased” means affected with glanders or farcy:—

I. Officers Commanding Stations are empowered to cause to be seized any horse within cantonment limits which they have reason to believe, from personal knowledge, or from information given by any person, and taken down in writing, is diseased, and may, for this purpose, cause to be entered and searched any field, building, or other place in which they have reason to believe any such horse is to be found.

II. On any such seizure, the Officer Commanding shall, in communication with the Officer Commanding the Cavalry Regiment or Battery of Artillery in the cantonment, cause the horse seized to be at once examined by a Salooterie of either corps.

III. If the Salooterie declares that such horse is diseased, the Officer Commanding shall cause the same to be immediately destroyed; provided that if a Veterinary Surgeon be within reach and the owner of the horse be dissatisfied with the opinion of the Salooterie, such owner shall be at liberty at his own expense to have the horse at once re-examined by a Veterinary Surgeon, whose opinion as to the disease shall be final, and shall be acted on by the Officer Commanding; should the horse be declared not to be diseased, it shall be at once made over to the person entitled to possession thereof.

IV. When any diseased horse has been in any building, shed, etc., the Officer Commanding may direct such building, etc., to be disinfected and the fittings thereof destroyed, should he consider such to be necessary.

V. On failure or neglect of the owner or other person to carry out such direction, the Officer Commanding may direct the same to be carried out at the expense of such person, etc., and the cost thereof levied by the Superintendent of Police as if such were a fine.

VI. The owner or any person in charge of a diseased horse shall give immediate information thereof to the Officer Commanding, or the Superintendent of Police.

VII. No horse which has been in the same building or place, or in contact with a diseased horse, shall be moved, except *bonâ fide* for the purpose of preventing infection, or with the permission of the Officer Commanding.

VIII. None of the above rules apply to the registered chargers of officers, or to the horses or ponies of the regiments and batteries of the Hyderabad Contingent, which in case of disease will be dealt with under Regulations.

NOTE.—By clause 2, section 3, General Clauses Act, 1868,¹ the date of execution of a document is excluded from the period of delay. So also is the date of making a decree or order of a Court and the date on which a decree or order becomes final.

94. Applications for remission of fines under section 70 may be lodged with registering officers. If an application be so lodged, it shall be at once forwarded to the Registrar, who shall submit it with his remarks for the orders of Inspector-General.

97. All inspections shall be made in the presence of the registering officer.

98. A person inspecting shall not be allowed to have access to any writing materials while inspecting: he may not make any copy or memorandum. If he requires it, the registering officer shall give him, free of charge, a note showing the serial number and date of registration of any document of which he wishes to apply for a copy.

99. No one but the registering officer or a mohurir attached to his office shall be allowed to copy into or from the books or indexes.

100. An applicant for a copy should be informed of the probable date on which the copy will be ready for delivery.

102. Application for copy of an entry in a book which, under rule 81 has been transferred to the Registrar's office, may either be sent to the Registrar direct, or may be lodged with the Sub-Registrar of the office from which the book was transferred. 104. Applications for copies of reasons for refusal to register, and copies when given, shall be stamped under the Court Fees Act. These copies should be given immediately on receipt of the application.

105. When an application lodged under section 24 or 34 of the Act is received back from the Registrar, it shall be filed in the file book of applications, and the purport of the Registrar's order shall be communicated without unnecessary delay to the applicant.

106. Every copy granted by a registering officer shall be certified to be a true copy under the signature and seal of the registering officer.

107. In order that the Courts, when a copy of a registered document is produced before them, may know whether the original is available on payment of custody fees by the presenter, it is directed that when a copy of a document, original of which is lying unclaimed in a registration office, is taken under section 57 of the Act, an endorsement in the following terms shall be made on such copy:—

*The original of this document, which was presented by

PART VII.—PROCEDURE—FROM PRESENTATION TO ADMISSION TO REGISTRATION.

110. On presentation of a document, a registering officer shall forthwith make on it an endorsement in the form of Appendix XV. A registering officer is bound to receive every document brought to his office for registration ¹[within the prescribed hours of business] and to make on such documents the above endorsement. He must do this even though he proceeds no further.

111. After making the presentation endorsement, the registering officer shall proceed as follows:—

- (a) Satisfy himself that the document is duly stamped.
- (b) That under sections 28 and 29 it has been presented in the proper office.
- (c) That it is not time-barred under sections 23—26 of the Act.
- (d) That it does not contain any interlineation, blank, erasure or alteration unattested by the initials of the executing parties (section 20).
- (e) That it is written in a language deemed to be commonly used, or if not, that it is accompanied by a true translation, and also by a true copy (section 19).
- (f) That it contains a description of any immoveable property it relates to, sufficient to identify the same, and that the territorial divisions recognized under rule 92 are specified (section 21).
- (g) That it purports to be presented by a competent person (sections 32 and 40).
- (h) That if it contains a map or plan a true copy of such map or plan accompanies it [section 21 (c)].
- (i) That in the case of a copy of a decree or order of a court, it is properly certified.

²[(j) That as required by section 27 of the Indian Stamp Act, ³[1899], the consideration (if any) is set forth in the deed.]

112. If these preliminary conditions are found to be fulfilled, the document shall be accepted for registration and fees demanded. If not paid, registration shall be refused. If paid, the amount of fees shall be endorsed on the document, and shall be entered in Fee Book and Receipt Book, each kind of fee being separately entered.

¹ Substituted by Notification No. 233, dated the 19th August, 1891. *Hyderabad Residency Orders*, 1891, Pt. I, p. 161.

² Added by Notification No. 257, dated the 18th December, 1884. *Hyderabad Residency Orders*, 1885, Pt. I, p. 4.

³ Substituted by Notification No. 124, dated the 23rd May, 1902. *Hyderabad Residency Orders*, 1902, Pt. I, p. 143.

113. If the registering officer considers that the document is not properly stamped [rule 111 (a)] under the Indian Stamp Act, ¹[1899], he shall suspend registration proceedings, impound the document, and forward it to the Collector of Stamp Duty, endorsing on it the date of its being impounded—*vide* rule No. 38 (5).

¹Provided that if the executant or executants are present, he shall before forwarding the document to the Collector follow the procedure for the admission of the document to registration laid down in rules 125—129 in so far as they are applicable, no fees, however, being then taken. The fees shall not be levied and the document shall not be copied or certified as registered under rule 133 until it has been returned to the registering officer with the Collector's certificate that the proper stamp duty has been paid thereon.

113-A. If the executant of a deed who is in doubt about the proper stamp consults a registering officer before formal presentation, the required information should be given to him without impounding the deed.

114. If the document is returned by the Collector direct to the registering officer, a notice of its receipt should be sent by service bearing letter to the presenter, and on his appearance, or on that of the executing parties, proceedings shall be resumed at the stage at which they were suspended, due regard being had to section 34.

115. If a document dutiable under the Court Fees Act, 1870, be considered insufficiently stamped, it shall be refused registration, procedure being as prescribed in rule 24.

116. If the document has been presented in the wrong office, rule 111 (b), the registering officer shall endorse it in the form of Appendix XVI and return it to the presenter.

117. If the document is time-barred under sections 23—26 [rule 111 (c)] and no application for extension of time has been lodged with the registering officer, registration shall be refused and procedure followed as in rule 24.

118. If such an application has been lodged, proceedings shall be suspended, pending receipt of the Registrar's orders on the application.

119. If the document is defective in the points mentioned in rule 111, clauses (d), (f), (h), ²[(i) or (j)], procedure shall be according to rule 122.

120. If the document is written in a language not commonly used, or is not accompanied by a translation or true copy, rule 111 (e) and (h), procedure shall be according to rule 122. But if the document is again

presented without a translation or true copy, registration shall be refused and proceedings follow as in rule 24.

121. If the person by whom it purports to be presented is not competent to present [rule 11 (g)], registration shall be refused and rule 24 be followed.

122. An incomplete document may, in cases specially provided for by these rules, be returned for amendment. Prior to such return, it shall be endorsed in Form XVI of the appendix, provided that if the executing parties are present and offer to make the required amendment in the office, the document may be simply handed back to them for the purpose.

123. When documents are returned for amendment under the next preceding rule, or are impounded, they shall, on re-presentation, if duly amended or certified to be duly stamped, be accepted for registration, and fees be demanded.

124. When the registering officer has satisfied himself that as to all these preliminary points the document fulfils the conditions necessary for registration, and has levied fees, he shall continue proceedings as follows:—

If the person who presents the document is the executant, the registering officer shall satisfy himself as to his identity (*vide* rule 125), and shall then examine him as to admission of execution and receipt of consideration;

If the presenter is not the executant, and the executing parties are not present, the registering officer shall enquire from the presenter whether he will bring the executing parties and witnesses, or whether he wishes them to be summoned under section 36, and shall act accordingly;

If it appears probable that the period allowed by section 34 will expire before the executants appear, the registering officer should advise the presenter to apply to the Registrar for a direction under the proviso of section 34 for the extension of the period for appearance. If the application be lodged with a Sub-Registrar, he should forward it to the Registrar;

If the period allowed by section 34 has expired before the executing parties have appeared, and no application for extension of time has been lodged with the registering officer, he shall refuse registration, but if such an application has been lodged, he shall suspend proceedings pending receipt of the Registrar's orders on the application.

125. Registering officers shall personally, and not through their mohurrirs, enquire into the identity of persons appearing before them in connection with documents presented for registration or the authenti-

cation of powers of attorney under section 33. If the executing parties are not personally known to the registering officer, he shall satisfy himself of their identity by the evidence of respectable persons. Care should be taken that menial servants attached to offices, petition-writers, etc., are not habitually employed to establish identity.

Unless the registering officer is satisfied that such persons can identify the executing parties in consequence of an acquaintance of some standing, he should require further corroborative evidence.

¹[125-A. The registering officer shall also require every executant, who is not personally known to himself, to affix in his presence an impression of his left thumb both to the document and to a register in the form given in Appendix No. XXII.

If any executant who is required under this rule to make a thumb impression refuses to comply, the registering officer will endorse a note of such refusal upon the document as in the case of a refusal to sign.

This rule may be relaxed in the case of European ladies and gentlemen and other persons of position regarding whose identification there can be no doubt or room for suspicion.]

126. The oath should be administered under section 63 of the Act only when the registering officer doubts the truth of statements made before him—*vide* rule 38 (3).

127. If the executing parties admit execution, they shall be required to state the amount of consideration received by them and, as provided in form of second endorsement, the amount, specifying whether it is in full or in part, shall be entered in the endorsement.

128. Before registering officers record in endorsement No. II admission of receipt of consideration, they should satisfy themselves by examination of the obligor that the admission is true. If the inquiry results in doubts as to payment having been actually made, although admission of receipt of consideration be acknowledged, a note to the following effect will be added to endorsement II:—

NOTE.—Although receipt of consideration is admitted by the obligor, the registering officer, after cross-examination, is not satisfied that payment has actually been made.

129. Admission of execution having been made by all executing parties and their identity established, the second endorsement in one of the forms of Appendix No. XVII shall be recorded, and the document "*admitted to registration.*"

²[NOTE.—If a deed is executed by more persons than one and the appearance of executing parties is not simultaneous, a separate second endorsement must be recorded as each party admits execution and is identified. The executants must not be detained until all are present at one time.]

¹[129-A. In the case of will or authority to adopt presented after the death of the testator (or donor), the second endorsement shall be in the form of Appendix XVII-A.]

From admission to registration to completion of registration.

130. On a document being admitted to registration, it shall be copied without unnecessary delay in the order of its admission to registration.

131. Errors, erasures, interlineations, etc., shall be copied into the book exactly as they appear in the original document. In the case of mis-spellings or erasures or additions of a single word, a mark thus × shall be made in ink over the defect, with a similar mark in the column of remarks and the word “*sic*” with the initials of the registering officer. In the case of additions and erasures of more than one word, and of interlineations, a mark thus × shall be placed at the beginning and end of the addition, erasure or interlineation, with two corresponding marks and the word addition, erasure or interlineation, attested by the initials of the registering officer shall be entered in the column of remarks opposite the defect.

132. If an error is made in copying, and an erasure, addition, correction or interlineation becomes necessary, the defect shall be initialled by the registering officer, and the words “*error in copying*” be entered opposite the mistake in the column of remarks. In no case may erasure by pen-knife be resorted to.

133. The document having been copied the registering officer shall then record on it the final certificate of registration (Appendix No. XVIII), which, with previous endorsements, should be at once copied into the margin of the book, after which the registering officer shall authenticate the copy by making the following entry at foot of it and signing the entry:—“Compared with original and certified to be a true copy.”

134. All endorsements on documents shall be made in the registering officer's own handwriting.

After registration.

135. Memoranda issued under sections 64, 65 and 66 shall be in form of Appendix No. XIX.

136. When a document has been registered it shall be returned without unnecessary delay to the presenter or to the person, (if any) nominated in writing by him to receive it.

137. If the presenter deposit at the office a cover sufficiently stamped to include post office registration fees and addressed to himself, the

registering officer shall return the registered document in such cover, filing the post office receipt book in place of the registration receipt.

138. Should a document remain unclaimed for one month* from the date on which certificate of registration or refusal to register was recorded on it, it shall be entered on the list of unclaimed documents, Appendix No. XX. This list shall be conspicuously exposed to public view in each office. A document thus entered on the unclaimed list may not be returned until a fee for its custody, at the rate prescribed in the fee table, shall be paid. For instructions as to eventual destruction of unclaimed documents, *vide* rules 87 and 88.

PART VIII.—MISCELLANEOUS.

Appeals.

139. A Registrar dealing with an appeal against an order of refusal to register under section 72, or with an application under section 73, shall draw up a proceeding and procedure shall be guided by the provisions of the Civil Procedure Code, so far as they are applicable. When the appeal or application has been disposed of, the Registrar shall, without delay, send a copy of the final order to the Sub-Registrar concerned, and shall forward the proceedings for the perusal of the Inspector-General.

Despatch of documents.

140. Except in the case of documents impounded, no original document is ever to be sent out of a registering office for purposes of reference, save under specific order of a superior officer, and if so sent or if it has been impounded and if it requires transmission by post, it shall be sent in an official cover duly sealed with wax and registered in the post office.

Appointments.

141. Appointments made under sections 11 and 12 will be reported monthly to the Inspector-General in form given in Appendix No. XXI, and these, as well as appointments made under section 10, shall be reported to the Local Administration half-yearly by the Inspector-General.

* NOTE.—One clear month is intended.

Example.—A document registered or refused registration on 15th September should be entered on the unclaimed list on the evening of 15th October, or if the 15th October should be a Sunday or authorized holiday, on the evening of the next day when the office is open.

Holidays.

142. The holidays to be observed in registering offices shall be those sanctioned for public offices by the Resident at Hyderabad, and a list of such holidays shall be exposed in a conspicuous place in the office. Where a purely judicial officer may have a charge of a registering office *ex-officio*, he must keep that office open, although his court may be closed for the summer vacation.

Hours of business.

143. ¹[Registration offices shall ordinarily be open for the presentation of documents from 10 A.M. to 4 P.M., but the District Registrar may, in the case of offices situated at the head-quarters of the district or at tahsil stations, direct that during the hot weather the hours of business of such offices shall be the same as those observed in the Deputy Commissioner's and Tahsildar's offices.]

Supply of books and forms.

144. Books and forms will be supplied from the Inspector-General's office on indent submitted by Registrars. Indents will be for the official year, commencing 1st April, and will be submitted on the 1st January preceding. Each Registrar will keep in his office the supply of books and forms annually received, and will distribute them to his subordinates as required.

Registration by Registrars.

145. Except for good reasons, to be recorded in the minute book, a Registrar shall accept for registration all documents presented to him, and shall not refer persons to a Sub-Registrar.

146. If it be necessary under section 66 to send a memorandum in the case of an English document registered by a Registrar, such memorandum shall be sent in Marathi to the Sub-Registrar concerned.

Space for endorsements.

147. Documents presented for registration should have reserved for endorsements a blank space 6 inches deep at bottom of the reverse of the stamp or plain paper on which it is written. If, in any case, the blank

32. *List of nominations.*—The Executive Officer shall prepare, for each class, a schedule, alphabetically arranged, of the candidates for election whose nomination is valid and who have not withdrawn their candidature. The schedule shall be in the form prescribed by rule 25.

33. *Publication of list of nominations.*—The schedules shall be posted on the 6th April at the places prescribed by rule 9 for the publication of the electoral rolls.

34. *Procedure at election.*—(1) If the number of candidates who are entered in the schedules and who have not withdrawn their candidature before the time fixed for the poll exceeds that of the vacancies, a poll shall be taken on the day for the election in the manner hereinafter provided.

(2) If the number of such candidates is equal to the number of vacancies, all such candidates shall be deemed to be elected.

(3) If the number of such candidates is less than the number of vacancies, all such candidates shall be deemed to be elected and the Cantonment Authority shall call for fresh nominations for the remaining vacancies.

(4. If there are no such candidates, the Cantonment Authority shall again call for nominations.

35. *Polling stations.*—The Cantonment Authority shall provide suitable buildings or booths for each polling station.

36. *Returning officer.*—The Cantonment Authority shall, with the approval of the Secretary to the Resident appoint a person (hereinafter called the returning officer) to preside at the election at each polling station. Every returning officer shall be assisted by one or more persons as he may consider necessary who shall be nominated by him and for whose conduct at the polling station he shall be responsible.

If before or at the time of the election any returning officer refuses to act or becomes incapable of acting as such, the Cantonment Authority shall appoint another fit person to act in his stead.

37. *Copies of electoral roll and list of nominations to be supplied to the Returning officer.*—Every returning officer shall be supplied with a copy of the electoral roll and with a copy of the schedule of valid nominations of candidates for election prescribed by rule 32.

38. *Maintenance of order.*—Each returning officer shall keep order at his station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at a time, and shall exclude all other persons except the persons nominated to assist the returning officer, the clerks, the candidates and the constables on duty; provided that a candidate may appoint an agent duly authorised by a power-of-attorney to appear in his stead at each polling station.

39. *Votes to be given in person.*—Votes must be given in person at the polling station, and no votes shall be received by proxy.

40. *Ballot paper.*—Votes shall be given by ballot. The ballot paper shall be in the form shown in Schedule IV and the names of candidates shall be printed in it in the same order as in the schedule prescribed by rule 32.

41. *Identity of electors.*—(1) When a person presents himself to vote, he shall correctly give his name and such other information as may be needed for the tracing of the entry of his name in the electoral roll to the returning officer or any of his assistants or to the clerk appointed to check the voters by reference to the electoral roll; whereupon but not afterwards, the returning officer or any of his assistants or the clerk may, of his own accord, and shall, if so required by a candidate or his agent, put to the person either or both of the following questions:—

(a) Are you the person enrolled as follows (reading the whole entry from the roll)?

(b) Have you already voted at the present election?

(2) The elector shall not be supplied with a ballot paper if he refuses to answer the question or questions and unless he answers the first question in the affirmative and the second question in the negative.

(3) The name of every person presenting himself to vote and his number on the electoral roll shall be entered in a list maintained in the form shown in Schedule V, and the voter shall thereafter, if he is literate, sign his name in the column provided for that purpose in the said list, or if he is illiterate, shall affix his mark or thumb-impression (as the returning officer or any of his assistants may direct) thereto. Any mark or impression so made shall be attested by a candidate or his agent or by the returning officer or one of his assistants in token of recognition of the voter. If a voter who is unable to sign his name cannot be recognised by any of the aforesaid persons, he shall not vote. The list shall be maintained in separate sheets which shall be consecutively numbered; but it is not essential that only one such sheet shall be in use at the same time.

(4) The voter shall then present the list mentioned in sub-rule (3) to the returning officer or one of his assistants, who after satisfying himself that the list has been duly signed, marked or impressed, shall state the number of votes which may be given, and the conditions, if any, attaching thereto, and shall give to the voter the outer foil of a ballot paper bearing on each side an official mark, at the same time noting on the corresponding counterfoil the number of the voter in the electoral roll and making against the entry of the voter's name in the electoral roll to denote that the elector has received a ballot paper; this entry shall not indicate which ballot paper he has received.

42. *Voting.*—(1) The voter, on receiving the ballot paper, shall forthwith proceed to the place set apart for the purpose and there mark a cross against the name of every candidate for whom he intends to vote; he shall then fold the ballot paper so as to conceal his vote and shall put his ballot paper so folded up into a box (hereinafter called the ballot box).

If a voter is unable to read the ballot paper or to make a cross thereon, the returning officer or one of his assistants shall cause the vote of the voter to be marked on a ballot paper according to the direction of the voter, and the ballot paper shall then be placed in the ballot box.

(2) If more crosses than the voter has votes are marked on any ballot paper, such ballot paper shall be invalid.

(3) The ballot box or ballot boxes shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom unless the box is unlocked.

(4) Just before the commencement of the poll the returning officer shall show the ballot boxes empty to such persons as may be present at the polling station, and shall then lock them up and place his seal upon

them in such manner as to prevent their being opened without breaking such seal, and shall place them in his view or that of his assistants for the receipt of ballot papers and keep them so locked and sealed.

43. *When ballot paper to be invalid.*—Any ballot paper which is not duly marked, or on which any mark has been placed by which the voter may be afterwards identified, shall be invalid.

44. *Tendered votes.*—If a person representing himself to be a particular elector named on the electoral roll, applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the returning officer or any of his assistants may ask, be entitled to mark a ballot paper in the same manner as any other voter, but the ballot paper (in these rules called a tendered ballot paper) shall be of a colour differing from the other ballot papers, and, instead of being put into the ballot box, shall be given to the returning officer or any of his assistants and endorsed by him with the name of the voter and his number on the electoral roll, and set aside in a separate packet, and shall not be counted by the returning officer. The signature, mark or thumb-impression (as the case may be) of the voter shall not be made in the list prescribed by sub-rule (3) of rule 41. but shall be made in a separate list maintained in a similar form, which shall bear the heading “Tendered Votes List”.

44-A. *Spoiled ballot paper.*—A voter who accidentally defaces a ballot paper may be given another, the original and its counterfoil being cancelled at the discretion of the returning officer.

45. *Closing of Poll.*—At the close of the poll, in the presence of the persons nominated to assist the returning officer, and of such candidates or their agents if any, as may be in attendance, the returning officer shall—

- (a) open the ballot box and separate the ballot papers which he admits as valid from those which he deems invalid, endorsing on the latter the word “rejected” and the grounds of rejection;
- (b) count the valid votes given to each candidate and, subject to the provisions of rule 49, declare the election of the candidate or candidates to whom most valid votes have been given;
- (c) prepare and certify a return setting forth (i) the number of persons who presented themselves to vote, (ii) the names of the persons for whom valid votes were given, (iii) the number of valid votes given for each person, (iv) the names of person or persons elected, (v) the number of ballot papers declared invalid, and (vi) the number of tendered ballot papers;

(d) seal up, in separate packets, the counterfoils of ballot papers, the tendered ballot papers, the ballot papers which he has admitted as valid and those which he has rejected as invalid, the list prescribed by rule 41, the "tendered votes list" prescribed by rule 44, unused and spoiled ballot papers and record on each packet a description of its contents and the date of the election to which it relates; and

(e) permit any candidate or his agent to take a copy of, or an extract from the return, and to affix his seal to the packets of ballot papers or to either of them.

46. *Despatch of ballot papers.*—The returning officer shall then forward the return to the Executive Officer and the packets of ballot papers and the marked copy of the electoral roll and lists referred to in rule 45, to the Secretary to the Resident and send or deliver notice of his election to each person elected.

47. *Statement of election papers to be open to inspection.*—The Executive Officer shall cause the return to be deposited in the cantonment office, to be kept there open to the inspection of any candidate or elector during office hours, free of charge, for one month.

48. *Custody, preservation and destruction of election papers: Inspection.*—(1) The Secretary to the Resident shall retain for a year the packets of the ballot papers, the marked copies of the electoral rolls and lists forwarded to him by the returning officers, and shall then, unless there appear to him to be reason for retaining them for a further period, cause them to be destroyed.

(2) While in the custody of the Secretary to the Resident the packets of ballot papers (whether counted, rejected or tendered) and of the counterfoils thereof shall not be opened, and their contents shall not be inspected or produced except under the order of a competent court or a committee appointed to hold an inquiry in respect of the election, to be granted by it only on its being satisfied by affidavit or otherwise that the inspection or production of the ballot papers or counterfoils is necessary for the purpose of a petition questioning an election or return, or for the purpose of instituting or maintaining a prosecution for an offence in relation to ballot papers; and any such order may be made subject to such conditions as to persons, time, place and mode of opening, inspection or production as the court may think expedient.

(3) All other documents in such custody shall be open to public inspection at such time and under such conditions and on payment of such fees and subject to such regulations as may be prescribed in this behalf by the Secretary to Resident.

49. *Procedure in case of equality of votes.*—Where an equality of votes is found to exist between any persons, and the addition of a vote

would entitle any of those persons to be declared to be elected, the returning officer may give such additional vote in writing, but shall not, in any other case, be entitled to vote at the election.

50. *Obstruction at scrutiny of votes prohibited.*—No person shall obstruct, or in any way interfere with, the examination and counting of votes by the returning officer.

51. *Notices, etc., fixed up under rules not to be removed.*—No person shall deface, injure, disturb or remove any copy, notice or other document fixed up under these rules at the cantonment office or elsewhere.

54. *The election petition.*—No election shall be called in question except by an election petition presented in accordance with the provisions of these rules.

55. *Presentation of the petition.*—An election petition against any returned candidate may be presented to the Cantonment Authority by any candidate or elector within one month from the date on which the return prepared under rule 45 is deposited in the cantonment office under rule 47.

56. *Contents of the petition.*—Every election petition shall contain a statement in concise form of the material facts on which the petitioner relies and the particulars of any corrupt practice which he alleges and shall, where necessary, be divided into paragraphs numbered consecutively. 58. *Deposit of security.*—At the time of presentation of the petition, the petitioner shall deposit with it the sum of two hundred rupees (B. G.) in cash or in Government Promissory Notes of equal value at the market rate of the day as security for the cost of the same.

(c) The President of the Committee shall, as soon as may be, cause a copy of the petition to be served on each respondent and to be published at the cantonment office, and may call on the petitioner to execute a bond in such amount and with such sureties as he may require for the payment of any further costs. At any time within fourteen days after such publication, any other candidate shall be entitled to be joined as a respondent on giving security in a like amount and procuring the execution of a like bond.

60. *Inquiry by the Committee.*—Subject to any other provisions of these rules, every election petition shall be inquired into by the Committee as nearly as may be, in accordance with the procedure applicable under the Code of Civil Procedure, 1908, as applied to the Cantonment of Secunderabad, to the trial of suits, provided that it shall only be necessary for the Committee to make a memorandum of the substance of the evidence of any witness examined by them.

(2) If there are more petitioners than one, no application to withdraw a petition shall be made except with the consent of all the petitioners.

(3) When an application for withdrawal is made, notice thereof fixing a date for the hearing of the application shall be given to all other parties to the petition and shall be deposited in the cantonment office for the information of the public.

(4) No application for withdrawal shall be granted if the Committee is of opinion that such application has been induced by any bargain or consideration which the committee considers ought not to be allowed.

(5) If the application is granted—

(a) the petitioner shall be ordered to pay the costs of the respondent thereto for incurred or such portion thereof as the Committee may think fit;

(b) the withdrawal shall be reported to the Cantonment Authority who shall publish notice thereof and deposit the same in the cantonment office; and

(c) any person who might himself have been a petitioner may, within seven days of such deposit, apply to be substituted as petitioner in place of the party withdrawing, and, upon compliance with the conditions of rule 58 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Committee may think fit.

63. *Abatement or substitution on death of petitioner.*—(1) An election petition shall abate only on the death of a sole petitioner or of the survivor of several petitioners.

(2) Such abatement shall be reported to the Cantonment Authority who shall publish notice thereof and deposit the same in the cantonment office.

(3) Any person who might himself have been a petitioner may, within seven days of such deposit, apply to be substituted as petitioner, and, upon compliance with the conditions of rule 58 as to security, shall be entitled to be so substituted and to continue the proceedings upon such terms as the Committee may think fit.

64. *Abatement or substitution on death of respondent.*—If before the conclusion of the trial of an election petition the respondent dies or gives notice that he does not intend to oppose the petition, the Committee shall cause notice of such event to be published by being deposited in the cantonment office, and thereupon any person who might have been a petitioner may, within seven days of such publication, apply to be

substituted for such respondent to oppose the petition, and shall be entitled to continue the proceedings upon such terms as the Committee may think fit.

65. *Recrimination when seat claimed.*—Where at an inquiry into an election petition any candidate, other than the returned candidate, claims the seat for himself, the returned candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented complaining of his election.

66. *Grounds for declaring election void.*—(1) Save as hereinafter provided in this rule, if in the opinion of the Committee—

- (a) the election of a returned candidate has been procured or induced, or the result of the election has been materially affected, by a corrupt practice, or
- (b) the result of the election has been materially affected by the improper acceptance or refusal of a nomination paper, or by the improper reception or refusal of a vote, or the reception of any vote which is void or by any non-compliance with the provisions of the Act, or these rules, or by any mistake in the use of any form annexed thereto, the election of the returned candidate shall be void.

(2) If the Committee reports that a returned candidate has been guilty by an agent of any corrupt practice which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation, and if the Committee further reports that the candidate has satisfied it that—

- (a) no corrupt practice was committed at such election by the candidate or his agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his agent, and
- (b) such candidate and his agent took all reasonable means for preventing the commission of corrupt practices at such election, and
- (c) the corrupt practices mentioned in the said report were of a trivial, unimportant and limited character, and
- (d) in all other respects the election was free from any corrupt practice on the part of such candidate or his agent,

then the Committee may find that the election of such candidate is not void.

Explanation:—For the purposes of this sub-rule, “treating” means: the incurring in whole or in part by any person of the expense of giving

or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

67. *Report of the Committee and procedure thereon.*—(1) At the conclusion of the inquiry the Committee shall report whether the returned candidate, or any other party to the petition who has under the provisions of these rules claimed the seat, has been duly elected, and in so reporting shall have regard to the provisions of rule 66.

(2) The report shall further include a recommendation by the Committee as to the total amount of costs which are payable and the persons by and to whom such costs should be paid.

(3) The report shall be in writing and shall be signed by all members of the Committee. The Committee shall forthwith forward their report to the Secretary to the Resident who, on receipt thereof, shall issue orders in accordance with the report and publish the report by causing it to be deposited in the cantonment office, and in such other manner as he thinks fit and his orders shall be final.

68. *Form of report.*—If either in their report or upon any other matter there is a difference of opinion among the members of the Committee, the opinion of the majority shall prevail, and their report shall be expressed in the terms of the views of the majority.

69. *Findings as to corrupt practices and persons guilty thereof.*—Where any charge is made in an election petition of any corrupt practice, the Committee shall record in its report—

- (a) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of such corrupt practice,
- (b) the names of all persons (if any) who have been proved at the inquiry to have been guilty of any corrupt practice, and the nature of such corrupt practice, and
- (c) the report may also contain a recommendation that any person who has been proved at the inquiry to have been guilty of any corrupt practice should be declared to be disqualified from being a candidate in any election to the Cantonment Board for a period not exceeding five years. Provided however that such disqualification may at any time be removed by an order of the Resident.

NOTE.—A breach of these rules renders a person liable to the penalty provided by section 268 of the Act. The offences of personation, of undue influence and of bribery at an election are punishable under sections 171-E and 171-F of the Indian Penal Code as amended by the Indian Elections Offences and Inquiries Act, XXXIX of 1920.

Advance for special purposes.

35. (1) No withdrawal of the amount at the credit of a depositor in the Provident Fund shall be allowed except as provided in rule 34; provided that when the pecuniary circumstances of a subscriber are such that in the opinion of the Cantonment Authority the indulgence is absolutely necessary, a temporary advance, not ordinarily exceeding three months' pay and in no case exceeding the amount of the depositor's own subscriptions to the fund with interest thereon, may be allowed from the sum at his credit.

- (a) to pay expenses incurred in connection with the illness of a subscriber or of a member of his family;
- (b) to pay for the passage of any member of a subscriber's family coming from beyond the sea to join him or requiring to make a journey beyond the sea;
- (c) to pay expenses in connection with marriages, funerals, or ceremonies which by the religion of the subscriber it is incumbent upon him to perform, and in connection with which it is obligatory that expenditure should be incurred;
- (d) to build a house for occupation by the subscriber himself at the place where he is actually serving or at which he is permitted to reside while in active service.

(3) Advances are not confined rigidly to the objects set forth in sub-rule (2) but shall be made with due regard to the requirement contained in the proviso to sub-rule (1) as illustrated by the examples set forth in sub-rule (2).

36. (1) The order sanctioning the advance shall state the specific purpose for which the advance is granted. Where this purpose is of a confidential nature, it may be communicated to the audit officer personally and confidentially.

(2) When an advance has been granted to a subscriber, subsequent advances shall not be granted to him except for strong reasons to be

recorded in writing by the Cantonment Authority until at least twelve months have elapsed since the complete repayment of the last advance taken.

37. (1) Advances will be recovered at the discretion of the Cantonment Authority, in not less than twelve instalments or more than twenty-four. A subscriber may, however, at his option make repayment in less than twelve instalments or may repay two or more instalments at the same time.

(2) In determining the advance to be sanctioned, due regard shall be paid to the amount of subscriptions lying to the credit of the applicant. The amount of the advance shall be a sum expressed in whole rupees and ordinarily, the monthly instalments shall also be in whole rupees, the advance applied for being raised or reduced, if necessary, to enable instalments to be thus fixed.

(3) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a subscriber while he is on leave of any kind other than casual leave.

(4) When in accordance with rule 36 two or more advances are made, each advance shall be treated separately and the monthly deduction of not less than one twenty-fourth of each advance shall be made until that advance is cleared.

(5) The instalments shall be paid by compulsory deductions from salary, and shall be in addition to the usual subscription.

38. When an advance is repaid, as regards principal, in not more than twelve instalments, a 13th instalment, representing interest, and equivalent to 4 per cent. of the amount of the advance, shall be paid in the month following that in which the last instalment is paid. Similarly, an additional instalment equivalent to 8 per cent. of the total amount of the advance shall be paid when the advance is repaid in more than twelve instalments. In calculating such additional instalments a fraction of a rupee if it exceeds eight annas, shall be taken at the next higher whole rupee, and if it does not exceed eight annas shall be ignored.

39. The sum at the credit of a depositor shall not be liable to forfeiture on dismissal or on conviction by a Criminal Court, except for an offence for which the penalty of forfeiture of the whole of the offender's property is prescribed by law.

40. If any payment has to be made during the year on an individual deposit account under rule 34 interest shall be calculated on that account only as nearly as possible in accordance with the rules in force in the Imperial Bank or Post Office Savings Bank.

41. A copy of the account of each depositor shall be furnished to him as soon as possible after the close of the financial year to which the account relates, and not later than the fifteenth day of the following month, or at the time of payment in the case of accounts closed in accordance with rule 34.

Prohibition of voluntary deposits.

42. No deposits from servants other than those authorised by these rules shall be credited to the Provident Fund.

Subscription during leave.

43. Servants shall not be permitted to subscribe to the Provident Fund while absent on leave other than leave on full average salary. They may at their option subscribe while absent on leave on full average salary.

44. (1) A servant who desires to subscribe during such leave shall notify his intention in advance in order to allow of the deductions from his leave allowances being noted in his leave and pay certificate. A servant who has notified such intention shall not be permitted to discontinue subscribing during leave.

(2) A servant who fails to notify his intention to continue to subscribe when proceeding on leave, may therefore be allowed to pay his subscription in cash.

Dead Accounts.

45. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn, in the case of balances not exceeding Rs. 10, within one year and in the case of balances exceeding Rs. 10, within three years, it shall be written off as a dead account, and not repaid save under the orders of the Officer Commanding-in-Chief, the Command.

In the case of bonds, if property is hypothecated, a brief description of the property shall be given in the remarks column, and the heading of column 10 shall be changed to "name of depositor."

(2) Deposits in cash shall be noted in a Register of Deposits in Form No. Cant. 11-B. Separate sets of pages shall be set aside for each class of deposit, and each part of the register shall open with the details of the outstanding balances of the previous year as shown in the

Sums so received shall be brought to account direct from the pass book into the general cash book, before the latter is closed for the month: provided that, on the receipt of the monthly statement, the entries therein shall be checked with the pass book and any discrepancy reconciled before any entry is made in the general cash book.

If a refund is ordered, a note of the refund shall be made against the original credit entry in the monthly statement concerned before payment of the refund is made.

81. *Stamp Account.*—In order to enable a check to be kept upon the number of stamps expended by each department using stamps upon the business of the Cantonment Authority, a stamp register shall be maintained in Form No. Cant. 30-B. This register shall be used primarily for postage stamps, but also for receipt or other stamps, separate pages being allotted for each description, and columns 5 and 6 being modified

In the case of forms in which receipts for money received are granted, the entry in columns 4 and 8 shall clearly indicate the printed book or other number of the books received and issued. The books shall be issued in serial order and a new book shall not be issued until all forms in the book it replaces have been used and the book with the counterfoils returned, a note of the return being made in the remarks column under the dated initials of the issuing official.

(2) The balance of forms in stock shall be verified periodically by the Executive Officer.

(3) Vouchers, registers and other forms shall not be eliminated or destroyed otherwise than in accordance with the general rules regulating the retention or destruction of cantonment accounts records contained in the First Schedule to these rules.

I. (1) The Residency Bazars Committee shall cause an assessment list of the buildings or lands on which any tax is imposed to be prepared containing—

- (a) the name of the street or division, if any, in which the property is situated,
- (b) the designation of the property either by name or by number sufficient for identification,
- (c) the name of the owner or occupier, if known,

¹ Printed *supra*, p. 58.

- (d) the ¹[annual] rental on which the property is assessed, and
- (e) the amount of the tax assessed thereon.

(2) For the purpose of preparing the list the Residency Bazars Committee may require the owners or occupiers of the buildings or lands to furnish it with a return of the monthly rentals.

II. When the assessment list has been completed the Residency Bazars Committee shall give public notice thereof and of the place where the list or a copy thereof may be inspected, and every person claiming to be either owner or occupier of the property included in the list and any agent of such person shall be at liberty to inspect the list and to make extracts therefrom without charge.

III. (1) The Residency Bazars Committee shall at the time of the publication of such assessment list give public notice of a time, not less than one month thereafter, when it will proceed to revise the assessment, and in all cases in which any property is for the first time assessed, or the assessment thereof is increased, it shall also give notice thereof to the owner or occupier of the property.

(2) All objections to the assessment shall be made in writing before the time fixed in the notice or orally or in writing at that time.

IV. (1) After the objections have been enquired into and the persons making them have been allowed an opportunity of being heard either in person or by authorized agent, as they may think fit, and the revision of the assessment has been completed, the amendments made in the list shall be authenticated by the signature of the Superintendent of the Residency Bazars, who shall at the same time certify that no valid objection has been made to the assessment contained in the list except in the cases in which amendments have been entered therein, and subject to such amendments as may thereafter be duly made, the tax so assessed shall be deemed to be the tax for the year commencing on the 1st day of April next ensuing, or from the beginning of the half-year next following that in which any alteration shall have been made under this rule or rule V.

(2) The list when amended under this rule shall be deposited in the office of the Residency Bazars Committee and shall there be open during office hours to all owners or occupiers of buildings or lands comprised therein, or the agents of such persons and a public notice that it is so open shall forthwith be published.

V. (1) The Residency Bazars Committee may at any time amend the list by inserting the name of any person whose name ought to have been inserted or by inserting any property which ought to have been inserted,

¹ Substituted by Notification No. 30-J., dated the 30th March, 1914. *Hyderabad Residency Orders*, 1914, Pt. I, p. 20.

or by altering the assessment on any property which has been erroneously assessed through fraud, accident or mistake, after giving due notice to any person interested in the amendment, of a time, not less than one month from the date of service of such notice, at which the amendment is to be made.

(2) Any person interested in any such amendment may tender his objection to the Residency Bazars Committee in writing before the time fixed in the notice or orally or in writing at that time, and shall be allowed an opportunity of being heard in support of the same in person or by authorized agent as he may think fit.

VI. It shall be in the discretion of the Residency Bazars Committee to prepare a new assessment list every year or to adopt the assessment contained in the list for any year with such alterations as may in particular cases be deemed necessary as the assessment of the year following, giving the same notice of the assessment as if a new list had been prepared.

VII. As heretofore the amount payable will become due on the first of the first month of the period for which it is payable, and it will be optional for any person voluntarily to pay in the sum due from him within 15 days at the office of the Residency Bazars Committee.

VIII. At any time after the expiry of the 15 days mentioned in the preceding rule the Superintendent of the Residency Bazars may issue demand notices, demanding the amount due. These notices will specify the amount of each tax due, and will be served by the Bill Collectors, on the owner if present, otherwise on some male member of his household and, failing that, by affixture to his property. It will be optional to the person on whom the notice is served to make payment at once to the Bill Collector, or to tender payment at the office of the Residency Bazars Committee. The period allowed for payment will be 15 days, and persons failing to pay within that time will render their property liable to attachment and sale.

IX. The attention of the public is particularly drawn to the fact that the Bill Collector will make only one personal demand before attachment, *viz.*, on presentation of the demand notice, and persons desirous of making payments at any other time must do so at the office of the Residency Bazars Committee itself.

X. (1) When any building has remained unoccupied and unproductive of rent for any period of not less than 60 consecutive days such building shall be exempt from payment of so much of the said taxes or instalments as is proportionate to the number of days during which such building has not been occupied or productive of rent.

Provided that the owner of such property has given to the Committee notice in writing of the vacancy of the said building within the first 14 days of the period, in respect of which exemption is claimed, and that the application for refund is made within six months from the date on which such notice is delivered at the office of the Committee.

(2) The burden of proving the facts entitling any person to claim relief under this notification shall lie upon that person.

(3) Neither the presence of a care-taker, nor the mere retention in an otherwise unoccupied dwelling-house of the furniture habitually used in it, shall constitute occupation of the house.

(4) A building shall be deemed to be productive of rent if let to a tenant who has a continuing right to occupy such building, whether it is actually occupied by such tenant or not.

(5) In the case of the water tax, where application by the owner for the private connection to be cut off has not been made, the house will be considered as occupied and the tax recoverable from owner.

[*Hyderabad Residency Orders*, 1913, Pt. I, p. 63.]

Rules for the assessment and recovery of the private vehicles tax.

No. 45-J., dated the 26th May, 1913.—In exercise of the power conferred on him by section 101 of the Regulation for the better administration of the Hyderabad Residency Bazars¹, published under the notification of the Government of India in the Foreign Department, No. 3001-I., dated the 10th September, 1895, the Resident is pleased to frame the following rules for the assessment and recovery of the private vehicles tax imposed by notification No. 44-J., dated the 26th May, 1913:—

Rules for the assessment and recovery of the tax on vehicles in the Hyderabad Residency Bazars.

ASSESSMENT.

1. The Superintendent of the Residency Bazars shall cause to be prepared once a year in a book to be provided by him for this purpose, a list of the persons liable to the said tax, showing in distinct columns—

- (a) the names and residences of such persons,
- (b) the description of vehicles in respect of which they are liable to the tax,
- (c) the amount of tax for which each person is assessed for each quarter of the year, and

¹ Printed *supra*, p. 58.

- (d) the amount of the said tax, if any, or remitted in each quarter under clauses (a) or (b) of notification No. 44-J., dated the 26th May, 1913.

The said book shall be kept at the office of the Superintendent and shall be open to the inspection of any respectable resident of the Bazars.

2. To enable the Superintendent to have such list prepared, he shall send to every person supposed to be liable to the payment of the tax, a schedule to be filled up by such person with such information respecting the vehicles owned by him, or in his charge, as the Superintendent thinks necessary for the assessment of the tax, and to return it, under his signature or mark, within one week from the receipt thereof.

Every person to whom any such schedule is sent shall be bound to fill up and return the same as so required, whether he be liable to be assessed to the tax or not.

3. (1) The person who keeps any vehicle for use whether he be the owner thereof or hires it or has the loan of it or has charge of it in any other capacity, shall be deemed to be the person liable to be assessed to the tax.

(2) If one and the same vehicle be so kept for use in any quarter by two or more different persons each person, who so keeps the vehicle for more than 15 days, shall be assessed to the tax.

Provided, first, that, if a vehicle is kept for use by several different persons, other than the owner thereof, consecutively, in one quarter, and all or some of such persons are not liable to the tax owing to their not keeping the vehicle for more than 15 days each, the owner of the said vehicle shall, if resident within the Bazars, be assessed to the quarter's tax or to the portion of the quarter's tax not recoverable from any of the said persons, as the case may be:

Provided, second, that the aggregate of the sums recovered from any two or more persons for any one quarter in respect of any one vehicle shall not exceed the full amount of the tax leviable for that quarter in respect of such vehicle.

4. Every person who becomes possessed of any vehicle in respect of which he is liable for the first time to pay the tax aforesaid shall be bound, within 15 days of his becoming possessed of the same, to give notice thereof in writing to the Superintendent.

5. Every person who claims, under clause (a) or (b) of notification No. 44-J., dated the 26th May, 1913, to be exempt from two-thirds or from the whole of the said tax in respect of any vehicle kept by him during any quarter shall forward by post to the Superintendent or leave at his office, not later than the last day of such quarter, a notice

in writing under his signature or mark setting forth the facts on which such claim is based.

6. The Superintendent, or any person authorised by him in this behalf may—

- (a) at any time between 7 A.M. and 5 P.M. enter and inspect any stable or coach houses, or any place in which he may have reason to believe there is any vehicle in respect whereof the aforesaid tax is leviable;
- (b) summon any person whom he has reason to believe to be liable to the said tax, or any servant of such person and to examine such person or servant as to the liability of such person to the tax, and as to the number and description of the vehicle, if any, in respect of which such person is so liable.

COLLECTION.

7. The said tax shall be payable for each of the following four quarters of every year, *viz.*:—

- (1) 1st January to 31st March;
- (2) 1st April to 30th June;
- (3) 1st July to 30th September;
- (4) 1st October to 31st December.

¹[It shall be payable in advance on the first day of the quarter for which it is due.]

8. When any tax becomes due, the Superintendent shall, with the least practicable delay, cause to be presented to the person liable to pay it a bill for the sum due. The bill shall specify the quarter or portion of the quarter and the vehicles in respect of which the tax is charged, and the name of the person from whom it is claimed, and shall contain a notice that the amount of the bill must be paid into the office of the Residency Bazzars Committee within 15 days from the date of the presentation of the said bill.

9. Complaints against the assessment of any tax under these rules, or the amount thereof, may be made to the Superintendent by application in writing forwarded by post or left at his office, at any time within 7 days from the date of the presentation of the bill for such tax; and upon hearing such complaint the Superintendent may make such amendments, if any, in the book kept under rule 2 and in the bill as he may think proper, and, if he thinks that the complainant is not liable to the tax, he shall cancel the bill.

¹ Substituted by Notification No. 30-J., dated the 30th March, 1914. *Hyderabad Residency Orders*, 1914, Pt. I, p. 20.

10. If any bill, which is not cancelled under the last preceding rule, is not paid by the person from whom payment is claimed or on his behalf, within 15 days from the presentation thereof, the Superintendent may cause to be served upon the defaulter a notice of demand and if he does not within one month from the service of such notice of demand pay the sum due, or show sufficient cause for non-payment of it, to the satisfaction of the Superintendent, and if no appeal has been preferred and the amount of the tax has not been deposited, such sum, with all costs, may be levied by order of the Superintendent by distress and sale of the goods and chattels of the defaulter.

11. The goods and chattels of any person, from whom any tax is due, may be distrained wherever they may be found, for default in the payment of the money due from such person.

12. The officer charged with the execution of a warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall at the same time give a notice in writing to the person in possession thereof at the time of the seizure that the said goods and chattels will be sold as therein mentioned.

13. If the warrant is not in the meantime discharged or suspended by the Superintendent, the goods and chattels seized shall be sold under the orders of the Superintendent who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the tax and of the costs payable by the defaulter and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure.

14. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the sum due by a defaulter, the Superintendent may sue the defaulter in any court of competent jurisdiction.

15. The fees payable for notices of demand and upon distraint under these rules shall be fixed by the Residency Bazars Committee, and they are recoverable from the defaulter as costs in addition to the amount of the tax.

Rules.

1. On the written application of the owner or occupier of any building or land the Residency Bazars Committee may at their discretion allow him to take water into his premises for domestic purposes from the source of public water supply for the Residency Bazars, by laying a half inch, three quarter inch or one inch pipe, subject to the payment of rates prescribed in that behalf from time to time.

VI. If the rate-payer wishes the supply of water to be discontinued, he shall give notice in writing to that effect to the Chairman not later than the 7th or 21st of any month, and shall, if he fail to give such notice by such date, be liable for the water-rate for the half month next following the date on which the said notice is received.

VII.
